

TI Fase 2

Hieronder vind je elk vak in Fase 2 van Toegepaste Informatica vanaf 2023

- [Full-Stack Software Development](#)
- [Software Engineering](#)
- [Server & System Management](#)
- [Data Analytics & Machine Learning](#)
- [Data Management](#)
- [IT & Society](#)
- [Junior Werkplekproject](#)
- [IT Integratieproject](#)
- [Cloud Fundamentals](#)
- [User Interfaces](#)
- [Business Solutions Platforms](#)
- [Data Visualisation](#)
- [Advanced Networking & Security 1](#)
- [Advanced AI](#)
- [Innovation Management](#)
- [New Medialab - Gamification](#)
- [Advanced Programming](#)
- [Wireless Communication](#)
- [3D Graphics](#)
- [Data Engineering](#)

Full-Stack Software Development

6sp.

Software Engineering

6sp.

Server & System Management

6sp.

Data Analytics & Machine Learning

6sp.

Data Management

6sp.

IT & Society

6sp.

Junior Werkplekproject

6sp.

IT Integratieproject

6sp.

Cloud Fundamentals

3sp.

User Interfaces

3sp.

Business Solutions Platforms

6sp.

Data Visualisation

3sp.

Advanced Networking & Security 1

6sp.

Advanced AI

6sp.

Innovation Management

4sp.

New Medialab – Gamification

5sp.

Advanced Programming

6sp.

Wireless Communication

3sp.

3D Graphics

6sp.

Data Engineering

3sp.
